

SECURITY ALERT TO ALL RESIDENTS:

On Saturday, Feb. 16, 2008, a car was broken into on P4. The suspect gained entry to our parkade by smashing the door handle off the door connected to the white entry gate. We have now had this lock replaced with a heavy duty metal plate and handle. Also, we are currently sourcing further security measures for this area so that we can prevent these crimes in the future. A kind reminder to keep your vehicle locked at all times and not to store any valuables in them (at least out of plain view).

**Thank you,
One Wall Concierge**
