

## Project Update in Photos - September 15, 2013

Klaus Johansson has again provided us with a photo update of the window replacement project. (Please do not copy or publish his photos without his prior consent.)

**Reflections from the new glass (looking down)**

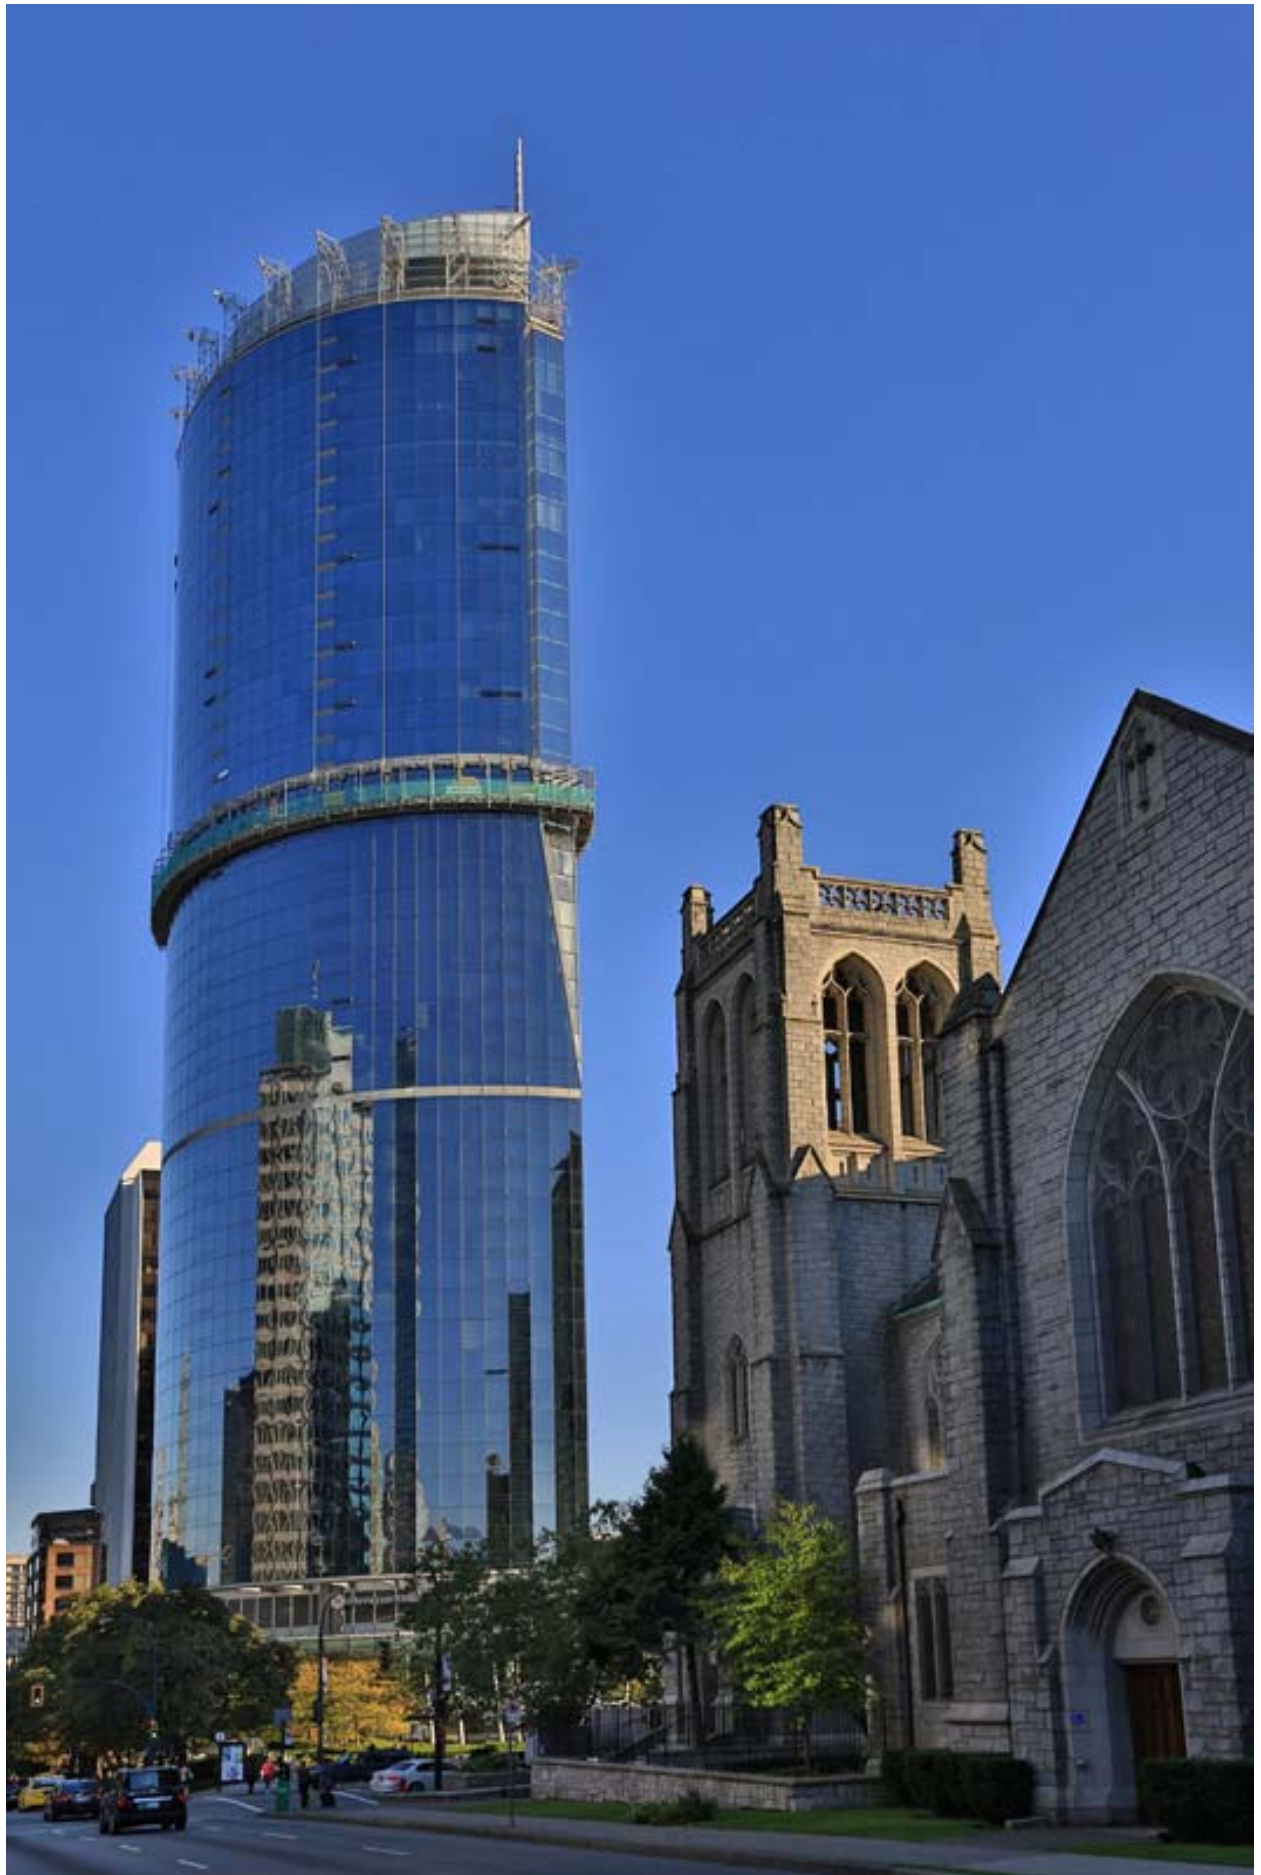

Platform on floor 31-September 12, 2013

**And a special treat - views of the equipment on the roof**

**Power and control box for moving the platform**

**One of the motors lifting the platform**

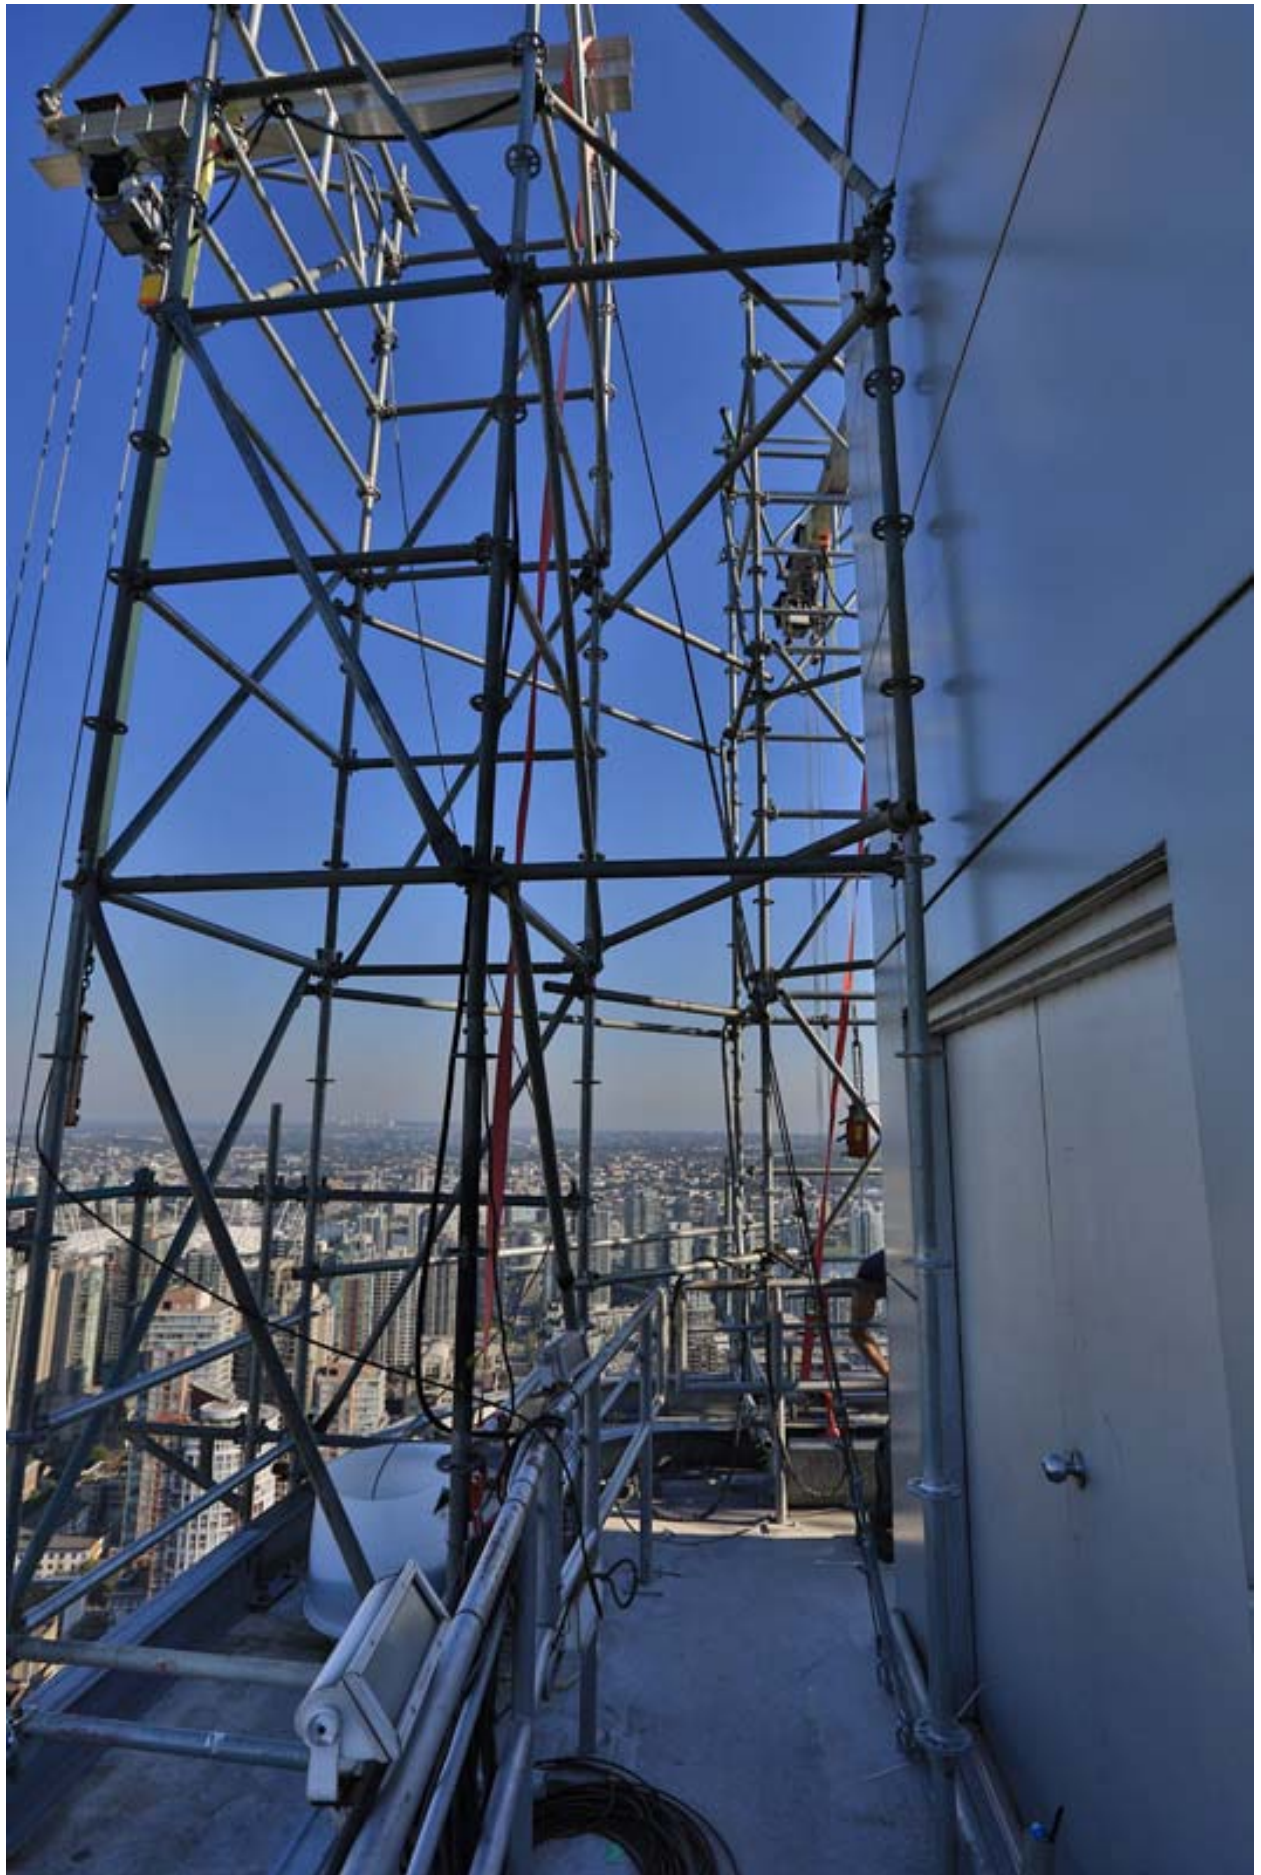

Views of the roof top scaffolding and support structures for the platform

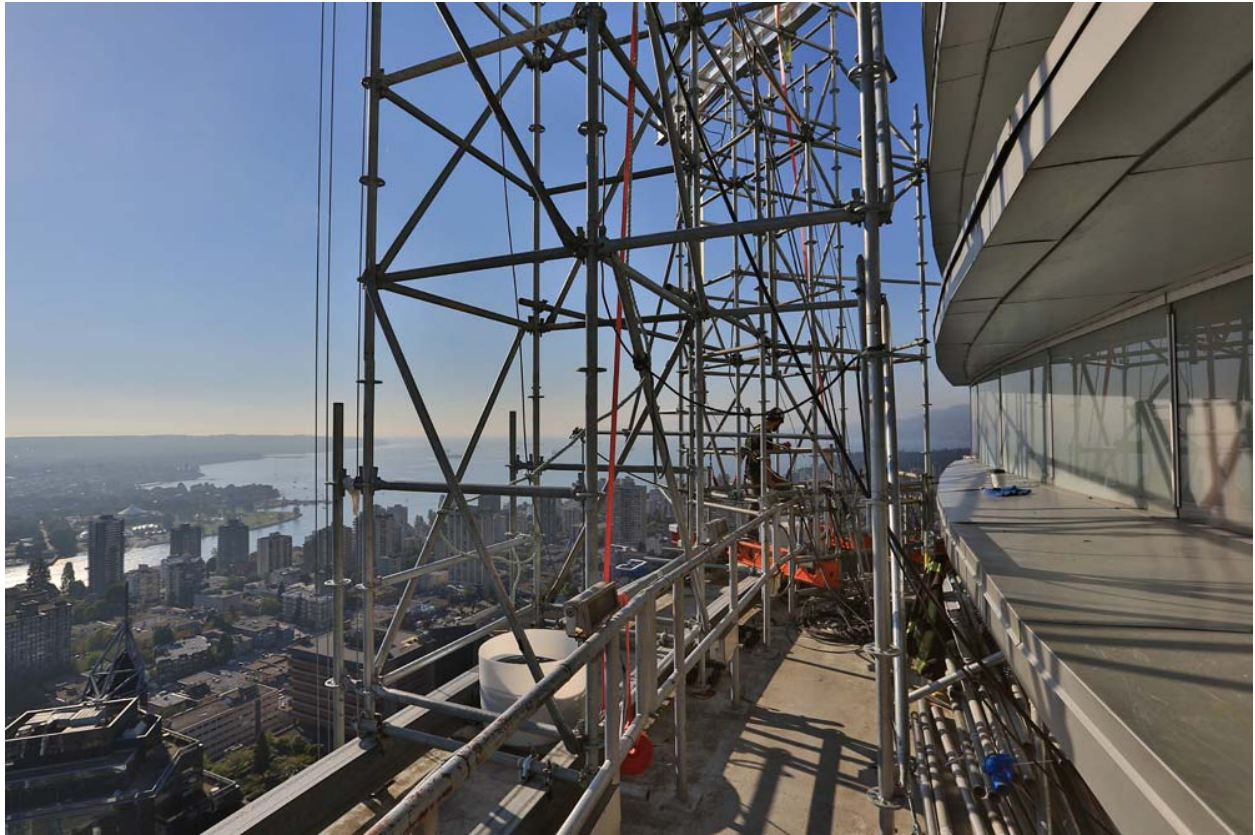

Thank you Klaus for sharing your photos of the project!
